5. Charging for NPQ Courses, Support and Events

5.1. The cost per person for an NPQ course or event, organised on behalf of or within the remit of either NPQ provider, will be determined by the Directors of the two Teaching Schools in liaison with each school's Business Manager and the NPQ Steering Group (with reference to the Code of Conduct & Practice as well as protocols for organising an event). Failure to attend after submitting and receiving approval for an NPQ application, will incur the full course fee, irrespective of the reason given.

5.2. When prior notice of non-attendance is given by the course participant to the NPQ Office and a substitute attendee is available then no charge will be made, providing that the substitute meets the NPQ course application criteria. If prior notice of non-attendance is given to the TSA Events Office within 4 weeks of the start of the course and a substitute attendee is not available, then in addition to payment of the full course fee an administrative fee of 10% of the full course fee will be made.

5.3. Any surplus generated as a result of each course will be retained by the NPQ Providers as a working fund for investment. The margin set for each course will vary depending upon costs and circumstances. Bespoke packages can be negotiated and provided on request.
